25X1 11. [] Last night and during the day, worked out with Arnold Donahue, International Division of OMB, changes in the Director's letter and enclosures transmitting the retirement quota legislation to the Congress.

Later in the day Ralph Malvik, Legislative Reference Service, OMB, called and gave us policy clearance on the revised letter and enclosures.

25X1 12. [] During two phone conversations with Frank Slatinshek, Chief Counsel, House Armed Services Committee, he said he expected tomorrow's briefing would be generally friendly but we should anticipate questions regarding the numbers of people involved, the costs and future plans concerning the CIARDS retirement system. He said it appeared to him that we were really moving toward an entirely "new model" of employee whose normal employment would be of very little more than twenty years duration. He said if this was true we should consider the long term cost very carefully.
